# PVC Cements

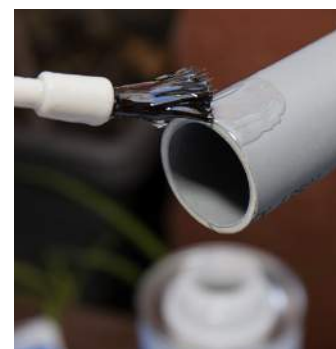

## PVC Uneplas

Available in 1L, 500ml, 250ml and 125ml.  
See index for codes.

- For rigid PVC in pressure (PN16) and waste systems
- Moderately fast setting
- Allows time for parts to be adjusted

YouTube

## PVC Pegafor

Available in 1L, 500ml, 250ml, 125ml and 60ml.  
See index for codes.

- Classic formula for rigid PVC in pressure (PN16) and waste systems
- Fast-setting
- Thixotropic, high gap-fill capacity

## PVC Gel

Available in 1L, 500ml, 250ml and 125ml.  
See index for codes.

- Non-drip fast-setting formula
- Certified for potable water systems in UK and France
- BSI Kitemarks for both pressure (PN16) and waste systems
- CSTB certified for pressure systems (PN16)

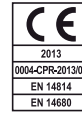

**NON-DRIP**

# PVC Cements

## PVC New Age

Available in 1L, 500ml, 250ml, 125ml and 60ml.  
See index for codes.

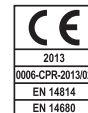

- For rigid PVC in pressure (PN16) and waste systems.
- High Viscosity
- AENOR certification for pressure systems (PN16)
- WRAS approval for potable water systems

## PVC G-10

Available in 1L, 500ml, 250ml and 125ml.  
See index for codes.

- For rigid PVC in pressure systems up to PN10 and waste systems
- THF-free

## PVC Weld

LOW  
VOC

- Medium or Heavy bodied PVC Solvent Weld
- For waste and pressure systems
- Cotton-ball applicator

Available in  
118ml (1/32 Gal),  
237ml (1/16 Gal),  
473ml (1/8 Gal),  
946ml (1/4 Gal).  
See index for codes.

# PVC Cements

## C-PVC Pro

Available in  
118ml (1/32 Gal),  
237ml (1/16 Gal),  
473ml (1/8 Gal),  
946ml (1/4 Gal).  
See index for codes.

LOW  
VOC

- Fast, thixotropic C-PVC cement for hot water installations
- Suitable for pipe systems conforming to EN1566, 15877 and ISO15493 (C-PVC) with interference fit.
- For use in pressure systems  $\leq 25$  bar for  $\varnothing \leq 110$ mm and  $\leq 16$  bar for  $\varnothing 110$ mm  $\leq 250$ mm

95°C

## PVC Cleaner

Available in 1L, 500ml and 250ml.  
See index for codes.

YouTube

- Solvent cleaner for PVC pipes and fittings
- Cleans and degreases parts before welding.

# Plumbing Products

## O-Ring Lubricant

Available in 5L, 2,5L, 1L and 150ml.  
See index for codes.

- For assembling pipes, sleeves and fittings with o-ring connections
- Easy to apply on both wet and dry surfaces
- Available in paste and gel form

## PTFE Tapes

See index for codes.

- For sealing threaded pipes and accessories

## Thread Sealant

Available in 250ml, 100ml and 50ml.  
See index for codes.

- Liquid PTFE for sealing threaded metal parts
- NON-IRRITANT

# Plumbing Products

## Plumbers Flux

Available in gel, liquid and paste formulas.  
See index for codes.

- Welding flux suitable for use on most metal types
- Self-cleaning
- Can be used for potable water

## Plumbers Putty

Available in 400g, 200g, 150g and 100g  
See index for codes.

- Ready-mixed, non setting putty for sealing and bedding:  
WC soil pipes, joints in sanitary wear, sinks,  
waste water fittings
- Easy to apply by hand
- Remains permanently elastic
- Suitable for use on metal  
and plastic threaded parts

## Epoxy Putty

YouTube

Available in 125g and 60g.  
See index for codes.

- Bi-component epoxy putty
- For rapid repair of all materials
- Once dry, can be sanded, drilled and painted

# Plumbing Products

## Enamel Restorer

Available in 20ml.  
See index for codes.

- Repairs chips and scratches on washbasins, baths, sinks, fridges, etc
- Does not yellow in the light

## Pipe Repair Bandage

Available in 130cmx5cm.  
See index for codes.

- For repairing leaks, holes and cracks on all types of PVC, plastic and metal pipes
- Fast-setting
- Weatherproof

## Professional Pipe Unblocker

Available in 1L (2Kg) and 500ml (1Kg).  
See index for codes.

- Rapidly eliminates impurities and residues in drains
- 96% sulphuric acid
- For professional use only

## Universal Pipe Unblocker

- Unblocks pipes and drains in kitchens and bathrooms
- Eliminates bad odours
- Suitable for domestic use

# Products for Swimming Pools

## PVC Instant

Available in 500ml, 250ml and 125ml.  
See index for codes.

- Blue GEL solvent cement for rigid and flexible PVC (PN16)
- Also suitable for use on rigid ABS
- Resistant to swimming pool and water treatment products
- Extremely fast-setting

## PVC Flexible

Available in 250ml.  
See index for codes.

- Blue GEL solvent cement for rigid and flexible PVC pipes (PN16)
- Also suitable for use on rigid ABS
- Resistant to swimming pool and water treatment products

# Products for Swimming Pools

## Pool Liner Pad Glue

Available in 6Kg.  
See index for codes.

- Vinyl-based glue for assembling geotextile liner pads in swimming pools
- For use on all swimming-pool bases (concrete, wood, polystyrene, etc)
- Solvent-free, antibacterial and anti-fungal

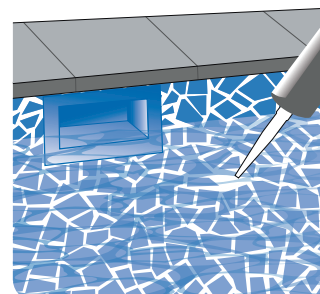

## MS Polymer

Available in 280ml and 100ml  
See index for codes.

- High-performance MS polymer for use in humid conditions
- Can be applied under water
- Suitable for use on most building materials used for swimming pools (except PE, PP, PA, PTFE and bitumen)
- Resistant to swimming pool and water treatment products
